## GUESS WHO?!

This newly married couple are arguing over baby issues. Not whether they'll have one — they both want kids — but over decorating their future child's nursery. He wants a normal, traditional baby room with a crib, subtle colors and a rocking chair, and she wants a custom-built crib hanging from the ceiling with a slide and glow-in-the-dark neon lights!

## Kris Wants to Be Kim!

KEEPING UP WITH KIM

The Curious Case of Kris Jenner? The Kardashian momager, 63, looked like she turned back time when she posted a photo of herself on Jan. 7. Some even said she was a dead ringer for daughter Kim, 38! "Kris always wanted to be Kim, everyone knows that," says a source. To achieve her dream, Colorado-based plastic surgeon Dr. Manish Shah, who has not treated Kris, suspects the reality star has had numerous procedures done, including a mini face-lift, filler to her cheeks and lips, laser resurfacing of the lower eyelid area and a brow lift. Adds the source, "It's freaky how much she looks like Kim."

## Chris & Katherine: WEDDING AND A BABY!

Chris Pratt put a ring on it. After just eight months of dating, *Guardians of the Galaxy* star Chris Pratt proposed to Katherine Schwarzenegger, 29. "So happy you said yes!" Chris, 39, wrote on Instagram. "...Here we go!" *In Touch* was the first to report that the couple were planning to marry, but now insiders say they also want babies ASAP. "They're both very religious and have a strong faith, and they want a big family," an insider says. Chris has a son, Jack, 6, with ex-wife Anna Faris, who offered her congratulations on Instagram, saying, "I'm so happy for you both!"
